

Basic Awareness of Domestic Abuse including the Impact on Children, Young People and Adults at Risk

Each year around 2.1 million people (men and women) in England and Wales suffer some form of domestic abuse. On average high risk victims live with domestic violence abuse for 2.6 years before seeking help and 23% of those victims attend A&E as a result of their injuries in the year before they get help.

Who is this course for?

This course is suitable for anyone working with children, young people or vulnerable adults.
