

*Key Messages from the North Wales Safeguarding
Children Board*

January 2021

Covid 19 and Safeguarding

Updates from all agencies were received regarding the current situation with Covid-19. Chair wished to highlight the dedication and enormous amount of work and effort that staff from **all** agencies, providers and third sector had put in during the pandemic to keep people safe. The Board acknowledged that though staff were still under pressure all agencies had continued to work together to provide support where needed.

County Lines

The Board received an update in respect of the regional and national work that is taken place in respect of County lines.

National Update

Board received updates in relation to National work packages around the Single Unified Safeguarding Review and the work being undertaken by the NISB in respect of the Safeguarding Arrangements Governance Review.
