

North Wales Safeguarding Adults Board

Key Messages

From the
Meeting held on Thursday 10th February, 2022

- Board received an update following a meeting held with safeguarding leads across the region to discuss data collection, and how safeguarding reports are initially dealt with. This was in response to the NISB Thematic Review of Adult Practice Reviews.
- Highlight reports received from all Board sub-groups highlighting progress with current work packages around the Board priorities. Discussions around lack of attendance from some agencies and absence of Chairs were addressed.
- Other work packages discussed included the National work around the Single Unified Safeguarding Review, and the delayed consultation and implementation of the Liberty Protection Safeguards.
- Report presented in relation to a review into the case of a young adult who had been transient across England & Wales. The review looked at the transition process between child and adult services and identifying the risks associated with criminal and sexual exploitation.
